Dear Lieutenant [REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 25 January 2001. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies. In addition, the Board considered the advisory opinion furnished by the Naval Reserve Personnel Center, dated 31 March 2000 with enclosures, a copy of which is attached.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In this connection, the Board substantially concurred with the comments contained in the advisory opinion. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official

records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director

MEMORANDUM FOR EXECUTIVE DIRECTOR, BOARD FOR CORRECTION OF
NAVAL RECORDS

Subj: DENNI [REDACTED] USNR, [REDACTED]

Encl: (1) BCNR Case File No. 07266-99
(2) NAVPERS 1070/613
(3) NAVPERS 1070/611

1. After reviewing petitioner's application for correction of his military record, I am returning enclosure (1) with the following findings:

a. Petitioner requested a qualifying year of service for anniversary year from March 31, 1984 to March 30, 1985. Documentation in enclosure (1) does not substantiate administrative correction to credit anniversary year ending March 30, 1985, with a qualifying year of service. His records indicate that he was credited with 16 retirement points for drills. Also, on October 1, 1984, he was transferred to the Naval Reserve Personnel Center due to unsatisfactory participation. His claim for additional points for a qualifying year of satisfactory service could not be granted.

2. In view of the above, petitioner's record was correct and requires no further administrative action. Enclosures (2) and (3) are forwarded for supporting documentation.
